

## Principal's Week long Visit to Scotland - June,2011

Principal, Mrs. Seema Jerath, received a red carpet welcome by all the six schools in Glasgow, Scotland she paid a visit to--- Mearns Castle High School, Mearns Primary, Calderwood Lodge, Eaglesham Primary, Khirkhill Primary and Hazeldene Nursery. She spent one day in each of the six schools and interacted with the students and teachers. 100% participation by children from all the schools in different activities organized left her be overwhelmed and wonder at the level of excitement children there had for knowing about India through this educational visit.

The objective was to exchange best practices of schools in both the countries, establish an intercultural dialogue and formulate strategies, together, towards a better educational pedagogy central to creating global citizens. The international visit, along with the school heads of six other Indian schools, provided valuable opportunities for face-to-face discussions and project planning.
